Joseph Luzio-	General Manager, Just Pizza Inc.

Giving Back

Giving back to the community is what the Just Pizza Charity Golf Tournament is all about. As President and founder of Just Pizza I decided several years ago that I needed to create a vehicle by which I could repay the community that has been the true foundation for Just Pizza's success.

In 1983 my eldest son, Rudy III was born at Children's Hospital and was given a fifty-fifty chance of survival. Thanks to their gifted staff of professionals, Rudy pulled through. Recently my family and the family of Mark Campanella our VP of Just Pizza Franchise systems were personally touched by the respective prenatal care units of Sisters of Charity Hospital and Women and Children's Hospital. These events in our lives made them an obvious choice as two of the benefactors of this first Charity Tournament. Additionally, Joe Luzio, Just Pizza General Manager brought the exceptional work of Upstate New York Transplant Services to my attention. We are happy to make them our third beneficiary.

I have been blessed by in many ways by many people in my personal and business life and hope in some small way this year's tournament and subsequent tournaments will positively touch the lives of thousands of Western New Yorkers.

Your participation and help is truly appreciated.

Sincerely
Rudy Alloy Jr.
